STANDARD CARBON™

2027 PLANNING GUIDE

2027 GHG Verification Deadline Calendar

Every major verification deadline for 2027 across Canada and California, in one place. Line up your verifier before the spring rush.

CFR · Federal OBPS · Alberta TIER · Ontario EPS · BC GGIRCA · CARB LCFS

✓ Verification involved

BUSIEST WINDOW

MARCH 31	CFR	Q4 2026 quarterly credit creation report	Report only
APRIL 30	CFR	Annual credit creation report and material balance report, with verification reports	✓ Verification
MAY 31	BC GGIRCA	Verified annual emissions report	✓ Verification
JUNE 1	Federal OBPS	Annual report with verification report	✓ Verification
JUNE 1	Ontario EPS	GHG report	Verified by Sep 1
JUNE 30	Alberta TIER	Verified compliance report	✓ Verification
JUNE 30	CFR	Credit adjustment report, with verification report	✓ Verification
JULY 31	CFR	Compliance report, with verification report	✓ Verification
AUGUST 31	CARB LCFS	Verification statements for 2026 data, including EV charging for the first time	✓ Verification
SEPTEMBER 1	Ontario EPS	Verification report and statement	✓ Verification
DECEMBER 15	CFR	Complementary compliance report, if required	✓ Verification

Why plan now

March to June is the busiest window: OBPS, TIER and BC GGIRCA deadlines all fall in it, and CFR deadlines add to the load all year. Verifiers plan capacity months ahead, so engaging early means better availability and fewer surprises.

One verifier for your full scope

Standard Carbon is SCC accredited under ISO 14065:2020 and an approved CARB LCFS verification body. We verify across CFR, OBPS, Alberta TIER, Ontario EPS, BC GGIRCA and CARB LCFS.
